Dear Parents/Caregivers

What A Knight! What a surprise! What an adventure! I was immensely proud of the senior school when they performed four musical shows last week for our community and those beyond.

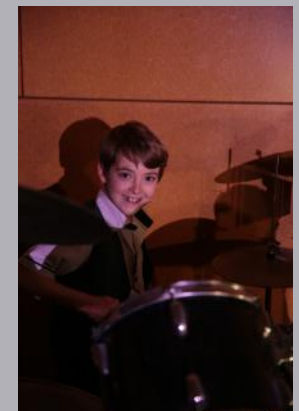

Thank you to everyone who came. We believe it was a memorable experience for all children and teachers and hope you enjoyed it!

Building the Next Generation of #8 Wire Thinkers

Thinking outside the square, solving our own challenges, thinking creatively, working collaboratively, being innovative, taking risks - these are all things we want our kids to learn. And what's the best way for them to grow these skills? Being allowed to lead their own projects, follow their own curiosity, and develop a sense of wonder... in nature.

Do your kids get plenty of time playing freely in nature? If not, we are inviting them to play in nature these holidays (9 -20 July), so you can save your annual leave for real family holidays, while feeling secure in the knowledge that they are extending themselves, rather than being told what to do in yet another 'holiday' programme! Of course, playing in nature also builds immunity, as well as offering long-term physical and mental health benefits.

Conscious Kids has been running for three years in Auckland, and is starting this holidays in Hamilton. Our mission is to provide children with opportunities for free play in nature, within a framework of respect for themselves, others, and the environment. Check us out or book our programme at www.consciouskids.co.nz. We're growing the next generation of #8 wire thinkers - literally.

Conscious Kids hosts 100% nature-based Holiday Programme as an antidote for technology, kids get the opportunity to have unstructured play in the bush like we did. Come get muddy, climb a tree and just play!
