Rāpare 10 Maehe 2022

Kia Ora Koutou

While Covid continues to threaten school life we are focused on providing the best possible learning opportunities we can. Thank you to all of you for your support with the various measures we have in place. Hauraki is relatively fortunate in that we have a total of 17 students only who are currently covid positive and 27 who are self isolating because they are household contacts. No teachers have Covid but two are self isolating at this point in time because of family contacts.

Thank you, too, for informing us whenever there is a case. It is important that you continue to do this as The Ministry of Education requires us to report on numbers daily. Online learning will be provided but only for those students with covid and/or those who are required to isolate because of a positive case is in their household. Otherwise the expectation is that students are at school.

The isolation period has now been reduced this week from ten to seven days for covid positive cases and household contacts of confirmed cases.

Continued monitoring for symptoms is needed. If any arise, students must stay home from school and get a test. This should be easier now that RAT test kits have become more readily available. Please do NOT send your child to school if they have a runny nose, cough, headache or temperature. As mentioned before, we are intent on keeping our school as bug free as possible and are doing our best to follow hygiene practices to keep the school environment safe.

ERROR

In the last newsletter the year 5 boys' butterfly in the recent senior swimming sports was reported incorrectly. The result was 1= Kash Baskerville and Dylan Song. 3rd Renzo Fontana. Congratulations to these students for their impressive efforts.

MUFTI DAY

We normally support a couple of charities and this year we have decided on Heart Kids and The Westpac Helicopter as being worthwhile causes. To this end all students are able to wear mufti to school next Friday 18 March in exchange for a gold coin.
